

## Who is eligible to purchase State Surplus Property?

The **Texas Facilities Commission** is statutorily charged with administering the State of Texas's Surplus Property Program. Surplus property comes to our agency from state agencies all across the State of Texas. **Anyone in the general public may purchase state surplus property from our program.**

We offer two methods of sale—from our Austin store and through online auctions. Property located outside of the Austin area is typically sold via online auction. Our store is conveniently located right off of Hwy 183 in east Austin.
